

THE SURFER 2009

Day Camp Week 9, 2009

Our DC crew definitely enjoyed this week. On Monday morning, everyone hit the water first thing, showing off their swimming skills and learning to surf or body board. Tuesday afternoon, the Day Campers enjoyed the Carnival, where they played lots of fun outdoor games. Many of our older campers slept over on Tuesday night, and they enjoyed a campfire and s'mores while learning some camp songs and performing their skits.

everyone catching some easy waves and showing off their new skills. Thanks for a wonderful Week 9, Day Camp! See you next time!

Wednesday meant more water time and games in the afternoon, while Thursday was a sunny day spent at the beach. Our Marine Science group went to La Jolla on Thursday for some great warm water and snorkeling. On Friday morning our Day Campers had Climbing wall and Crafts. After that, Day Camp came together to play in the Capture the Flag Circus. The Surf Carnival and Family BBQ was the perfect end to the week, with

Mariners Week 9, 2009

Our youngest resident campers spent their week surfing, climbing, and playing. On Monday they spent the

morning learning games, and in the afternoon they had their first surf lesson. The water felt great on a hot afternoon! Monday night Mariners learned new games at Campfire, followed by tasty s'mores. Mariners spent

all of Tuesday at the beach, and then faced the challenge of the climbing wall on Wednesday. Wednesday night was the Back to the Future themed all-camp dance, and the Mariners impressed everyone with their futuristic costumes! We saw lots of great face paint, too! On Thursday the Mariners perfected their surf skills in preparation for the Surf Carnival on Friday. Thursday night was Skit Night, where everyone was laughing at their hilarious antics. Finally it was Friday, and Mariners joined the rest of camp for the all-camp Capture the Flag Circus.

Thanks for joining us this week!

Watermen Week 9, 2009

Our middle-school age group gets to do everything as a village, from cook-out to Bay Day. On Monday they learned about Sand, Waves, and Rips, and they got to ride the rip next to the jetty with the lifeguards. That night, they enjoyed a beautiful Sunset Surf. Tuesday was another fun day, with Teambuilding, Climbing Tower, and an afternoon of water time followed by the famous Watermen Cookout, with Hobo Stew and S'mortillas for dessert. On Wednesday the Watermen were off to the Bay for outrigger canoeing, raft building, and kayaking. Back to the Future Dance Night was another highlight of Wednesday. On Thursday, the Watermen spent a quiet morning making

hats and cloth grocery bags in Crafts and doing Archery. After another afternoon in the water, they performed their silly skits at Skit Night. Friday was a great wrap-up to the week, with the Capture the Flag Circus in the morning, and the Surf Carnival and Family BBQ in the afternoon.

Thanks for an awesome week, Watermen! See you next time!

Beachcombers Week 9, 2009

This week the Beachcombers enjoyed their second week at Camp Surf, but they were gone for most of it! On Sunday night they packed up for San Onofre, and they took off

first thing Monday Morning. The 3-day camping trip was a highlight of the session, with great waves and lots of fun in the sun! The teens also took their bike trip to Coronado this week, enjoying ice cream and a picnic in the park. Teambuilding was another fun morning on Thursday, followed by an afternoon of perfecting their surfing. Thanks for a fantastic two weeks, Beachcombers!

Dance night—Back to the Future!

Dance night was lots of futuristic fun this week, with painted faces and homemade costumes in every village. Enjoy a few photos!
