

Environmental Stewardship Plan - Department Interview

Name _____

Date _____

Department _____

What are you currently doing, what ideas do you have for improvements, and what do you think you/your department could do in the following areas:

Recycling/Reuse

(Cans, glass, paper, maintenance supplies, etc.)

Energy Conservation

(lights, electricity, water heaters, heater, fires, etc.)

Water Conservation

(landscaping, faucets, showers, cleaning, etc.)

Compost

(food scraps, food prep, staff living on site, gardens, landscaping)

Purchasing

(non-toxic, recycled materials, long-lasting products, certified wood, recyclable containers, etc.)

Ideas (things you would like to see happen)

Questions (things you would like to know more/get information about)
